

BEYOND MATHS

PRIMARY SCHOOL CHALLENGE 2019

Welcome to our Beyond Maths prize giving for 2019.

This year, over 6000 pupils, from 30 schools across KZN, took part in Round 1. Pupils who achieved over 40% qualified to write Round 2, which was hosted at Glenwood Prep.

The top 100 pupils will be acknowledged today, based on their marks from both rounds of the competition.

Parents and pupils are encouraged to visit www.beyondmaths.co.za (managed by IT UpLink) for information, past papers and results.

I would like to thank these sponsors for their generous contributions.

Organiser:
Mrs T. Locke
